By the 1st of June it is uncomfortable to sleep without protection, and from that time on until September, when the first frosts have benumbed them, especially during the warm, rainy season of July and August, they become a never ceas-

ing scourge, swarming in thousands. The Alaskan mosquito is small, brown, stient and, very much in earnest. He never sings a warning nor fools about selecting a spot to his taste, but comes in a bee line with his probe and gets into action. Every inch of your clothing is industriously bored, so that you look like an animated brown cocoon, and the slightest exposed spot on wrist or neck is promptly set o. fire. I experimented with a small hole in my glove. After the first mosquito had found the opening others came in quick succession to the spot. He left some microscopic "kind lady and no dog" sign there. If I killed the first and left his carcass it served as a warning not at all. The others came the faster, and the more I killed the more eager the survivors became, perching quite unmoved on the remains of their confreres.-World To-

# EUGENIE'S ESCAPE.

How the Empress Got Out of France After Sedan.

As soon as the hot headed citizens of

Paris learned in September, 1870, that their emperor, Napoleon III., bad surrendered to the Prussians at Sedan these Parisians rose in a riotous mob and made posthaste for the Tulleries. They were armed and after royal blood and plunder. The empress had to fice for her life. Assisted by the Austrian and Italian ministers, she made a hurried flight from the palace, but found the mob ahead of her in the garden; back again and then out by a secret way into a side street, FOR SALE—Eighty acres unimproved land in Clark county.
